HOW TO PREPARE T-SHIRT BOARD BEFORE THE FIRST USE

We recommend to wash it before first use. To enjoy the t-shirt as long as possible please follow these guidelines:

- Wash it inside out in the Max temp. 30°C (Max. 40°C);
- Set the spin speed of not more than 400 /Min.;
- Do not tumble dry;
- Do not use bleach or chlorine, no dry cleaning;
- Iron the t-shirt inside out at temp. Max 150°C.

Before playing the game, please unfold the t-shirt board and smooth it out as much as possible. The best is playing on hard ground, but you can also play on the beach on the sand, in the park on the grass.

Sometimes it may turn out that a few heavier items will serve you to hold the shirt in the event of a strong wind, because the weather is different. T-shirt can get wet and you can always dry it.

GAME BENEFITS

Board game in RIGHT DIRECTION has 1 variant of the game. At the beginning of the game, we suggest using dedicated card sets. They can change the course of the entire game. You play on time and collect points from the cards.

The game starts in the bottom left corner. Players traditionally roll a numeric dice. After rolling the dice, the player is moved on the board by the appropriate number of fields. You move in the directions that the arrows point to you. You make quick decisions regarding the best position of your player on the board. Be careful, you can be kicked off by an opponent if he stands in the field where your player is. The kicked off player immediately starts the game from the beginning.

You can play solo or as a team. One team can contain from 1 to 3 players(pawns). This involves unpredictable twists and turns during the game. The winner is the one who first ends solo or team play and sets all his players on the finish line. Fun for everyone. Proven and tested by many players.

NOTE: With the purchase of board game in our store, book versions of playing cards are included in the box. This is our INNOVATIVE METHOD, an alternative to traditional playing cards. You get 144 cards ready for the game to start.

T-SHIRT AND MARKER Everyone starts the game on the T-shirt, and the marker ends the game. NOTE: The logo placed in the middle of the **Let's play t-shirt game** board is not part of the game board, do not place the players on it.

CARD During the game, when standing on such a field, you need to draw a card. You choose or agree with players before starting the game, which card sets you will use. We recommend you to start with dedicated sets, because these are ideally prepared for the game RIGHT DIRECTION. The cards may contain questions, tasks, orders, information, points depending on the set of cards. If for some reason you do not have access to the cards, you can omit these fields or give them a different meaning.

CIRCLES WITH ARROWS These are the elements on which you move on the board in the direction indicated. The direction is indicated by arrows. If you find yourself on a dotted element, you lose one queue.
